

What the Kozmos is Teaching Us

By the way,
this here
is me
givin'
you
the
Kozmik
finger.

Fate and Luck and Destiny
ha ha ho ho don't make me laugh
Fate and Luck and Destiny;
what a load, you guys.

C'mon, smarten up.
I don't even gotta make this rhyme
because I'm the Kozmos, see?

Here's my impression
of me being born:

BANG!

I'm the Kozmos, m'yeah, see?
